Date of Examination : 12/27/2019

Duration : 3 hours

Subjects : Physics, Chemistry, Mathematics (for PCM); Physics, Chemistry, Biology (for PCB)

Mode of test : Online, objective type (MCQs)

Next Steps :

To access the examination, the students will have to enroll themselves in advance on the test portal.

Student Access Link : www.pbise.in

- The students will have to fill the form under "New Student? SIGN UP". Kindly note the following points for registration :
 - The "Name" sections should only contain alphabets.
 - The email ID should be valid as all the communication regarding the password confirmation and test results will be sent here.
 - The password should consist of 6 characters minimum, and have no space or special characters (i.e. !@#\$%^* - not allowed).
 - Choose the correct Stream (P-C-M for Mathematics, P-C-B for Biology) and School. Else the correct test will not appear.
- The scores from the test will be available for the student immediately after the examination. The All India Ranking will be released in January, once all the schools have completed taking the test.
- The students can access the test on their mobile phones also, by downloading "PBISE" app from the Playstore (for Android phones) or the Appstore (for iPhones).
